# Brian Purcell

Recent graduate in Computing with software development who has gained hands on experience during a Software Engineer Internship. Skilled in many different areas such as C# and Java, SQL Server and MongoDB, agile methodologies and CI/CD practices. Passionate about building dependable reliable software and hoping to continue to grow and develop my technical skills.

---

## Portfolio

### Projects:

I made a website which has the details of all my projects:

<https://pythonflask-portfolio.onrender.com/>

This is my GitHub if that is preferred:

<https://github.com/brianpurcell16>

## EDUCATION AND TRAINING

**Sept 2022 – May 2026**

**Munster Technological University**

**Bachelor of Science in Computing**

**Sept 2021 – May 2022**

**Kerry College of Further Education**

**Software Development**

Fundamentals of Object-Oriented Programming, Software Architecture, Programming and Design Principles, Operating Systems.

**Sept 2016 - June 2021**

**Killorglin Community College**

## Soft Skills

- Good Communication
- Adaptability
- Teamwork
- Problem-Solving

## **EXPERIENCE**

**Jan – Aug 2025**

### **Aspen Grove Solutions – Software Engineer Intern**

- Developed and help maintain web applications that were built using C# and JavaScript as part of an agile software development team
- Used my knowledge of databases to view stored procedures in SQL Server and integrate them with the web applications
- Communicated through tools like Jira and Git to manage tasks and collaborate with my team members

**24/25**

**CoderDojo - Volunteer**
